**Information relied upon:**

---

We have prepared the Opinion on the basis of the information provided to us and *inter alia* the following:

- NCD Report; and
- Other information and explanations as provided by the management.

Further, we have had discussions on such matters which we believe are necessary or appropriate for the purpose of issuing the NCD Opinion.

We assume no responsibility for the legal, tax, accounting or structuring matters including, but not limited to, legal or title concerns. Title to all subject business assets is assumed to be good and marketable and we would urge ECLF to carry out the independent assessment of the same prior to entering into any transaction, after giving due weightage to the results of such assessment.

We have been informed that all information relevant for the purpose of issuing the Opinion has been disclosed to us and we are not aware of any material information that has been omitted or that remains undisclosed.

---

**Valuation Summary:**

---

We refer to Clause 5.10 of the draft Scheme as provided to us by the management. The features of transfer of the said NCDs are as follows:

Without prejudice to the foregoing provisions of this clause, upon the coming into effect of the Scheme, all non-convertible debentures (“NCDs”) (including Listed NCDs), , external commercial borrowings, bonds or other debt securities and other instruments of like nature (“Debt Securities”) taken by the Transferor Company shall pursuant to the provisions of Sections 230-232 and other relevant provisions of the Act, without any further act, instrument or deed, become the Debt Securities of the Transferee Company on the same terms and conditions (including same rights, interests and benefits) as applicable to the Transferor Company and all rights, powers, duties and obligations in relation thereto shall be and stand transferred to and vested in or be deemed to have been transferred to and vested in and shall be exercised by or against the Transferee Company as if it was the issuer of such Debt Securities, so transferred and vested. Subject to the requirements, if any, imposed or concessions, if any, by the Stock Exchanges, and other terms and conditions agreed with the Stock Exchanges, the **Listed NCDs shall be vested in the Transferee Company, shall continue to be listed and/or admitted to trading on the relevant Stock Exchanges, where the NCDs, are currently listed, subject to applicable regulations and prior approval requirements.** The Board of Directors of the Companies shall be authorized to take such steps and do all acts, deeds and things in relation to the foregoing. **For the sake of completeness, it is clarified that all terms thereof will remain the same for the holders and there will be no transfer, reissue or swap of the security/ instrument from the perspective of the holders thereof.**

**Conclusion ratio:**

*As per the Scheme, holders of NCDs of ERFL will hold NCDs of ECLF, with the same terms (including the coupon rate, tenure, redemption price and quantum, nature of security, etc.). Therefore, we understand that all NCD holders in ERFL would become NCD holders in ECLF, and that the Proposed Transaction would not alter the number and / or terms of the NCDs held by such holders, and the rights, security coverage, payment terms, interest rates, etc. would be the same as when such NCDs were held in ERFL. Further, upon the Scheme becoming effective, the beneficial economic interest of the NCD holders of ERFL in the NCDs of ECLF would be same and therefore the Proposed Transaction shall be value-neutral to the NCD holders of ERFL.*

*In light of the above, and on a consideration of all the relevant factors and circumstances as discussed and outlined hereinabove, the fair NCD exchange ratio recommended is as follows:*

*‘For every 1 (One) NCD of ERFL, 1(One) NCD of ECLF of equivalent face and paid-up value, coupon rate, tenure, redemption price and quantum and nature of security offered, etc.’*

**Our Fairness Opinion:**

---

Based upon valuation carried out by the Valuer, we are of the opinion that the purpose of the Proposed Transaction is fair from a financial point of view.

The fairness of the Proposed Transaction is tested by:

- (1) Considering qualitative factors such as economies of scale of operations, synergy benefits that may result from the Proposed Transaction.

The rationale as explained above, as assumed by the Valuer is justified.

On the basis of and subject to the foregoing, to the best of our knowledge and belief and based on the information and explanation provided to us, in our opinion, the NCD exchange ratio for the proposed amalgamation of ERFL with ECLF *'For every 1 (One) NCD of ERFL: 1(One) NCD of ECLF of equivalent face and paid-up value, coupon rate, tenure, redemption price and quantum and nature of security offered, etc.'* recommended by the Valuer is fair and reasonable.

This being of our best of professional understanding, we hereby sign the Opinion on NCD Report.
