

# Oil demand in India drops as wave of virus convulses nation

DEBJIT CHAKRABORTY  
May 3

INDIA'S COVID-19 CRISIS has pummeled demand for transport fuels to the lowest in several months, highlighting the risks for energy consumption amid an uneven global recovery from the pandemic.

April sales of petrol — used in cars and motorcycles — fell to 2.14 million tonne, the lowest since August, according to preliminary data from officials with direct knowledge of the matter. Sales of diesel, a bellwether for economic activity, was a tad higher last month than February, which had two fewer days.

Average daily sales of the nation's most-used fuel in April were the lowest since October. Leading oil producers, including members of the Opec+ cartel, as well as traders have been tracking the devastation across the country, which has been assailed by a record wave of coronavirus infections. Lockdowns and curfews in states and cities such as New Delhi and Mumbai have curbed mobility

## Fuel demand

	Apr 1-30 (000 tonne)	M/m (March 1-30)	Y-o-Y	Vs. April 2019
Diesel	2,141.70	-1.70%	107.90%	-9.90%
Gasoline	2,141.70	-6.30%	145.60%	-4.10%
LPG	2,105.80	-3.80%	-0.10%	11.60%
Jet	377.4	-11.50%	592.30%	-39.10%

Source: Bloomberg

and stoked speculation that the nation's refiners will cut back on crude purchases.

New restrictions have hit personal mobility and the movement of industrial goods, temporarily reducing fuel demand by about 10% from March levels, said Arun Kumar Singh, director of marketing and refineries at Bharat Petroleum Corp. Local fuel consumption will start to look up in June when the pandemic's second wave is expected to weaken, he added.

Despite India's predicament, Brent gained in April as investors bet recoveries elsewhere, principally the US, China and Europe, would lift overall demand. Against that backdrop,

the Opec and its allies agreed to relax supply curbs from this month, while warning the virus wave in India and other nations may derail the recovery.

Fuel sales in India could have been worse in April but for the elections in some states that helped spur demand as thousands of people attended rallies and staff of political parties used vehicles for campaigning. But with those elections over and the virus still spreading, there could be a deeper impact in May. India is the third-largest oil importer, with leading refiners typically sourcing most cargoes from the Middle East and Nigeria. —BLOOMBERG

# Nafed to procure 2 lakh tonne of onion as buffer stock

FE BUREAU  
Pune, May 3

The National Agricultural Cooperative Marketing Federation of India (Nafed) will soon begin procurement of around 2 lakh tonnes of onion as buffer stock at the prevailing market rate under the Price Stabilization Fund (PSF), agencies involved in the procurement process said.

Yogesh Thorat, MD, Maharashtra Farmer Producer Company (MahaFPC), a federation representing some 303 farmer producer companies in the state, said that "The onion procurement target is around 1.5 lakh tonne in Maharashtra and 1.4 lakh tonne will be procured through farmer producer companies — Maharajya, Pruthashakti Farmer Producer Company and MahaFPC and the remaining 10,000 tonne through NAFED," he said. Last year, onion prices had shot up in September and October and therefore the government has decided to double the procurement target, industry people said.

# Sugar production across India rises 16%

SUGAR MILLS ACROSS the country have together produced 299.15 lakh tonne of the sweetener till April 30, as against 258.09 lakh tonne produced at the same time last year, an increase of nearly 16%, industry body Isma said on Monday.

Releasing the production figures, Isma said mills in Uttar Pradesh, the country's largest sugar-producing state, have produced 105.62 lakh tonne of sugar till April 2021, which is 10.90 lakh tonne lower than 116.52 lakh tonne achieved by them last year on the corresponding date.

In Maharashtra, sugar production till April 30 was 105.63 lakh tonne, compared with 60.95 lakh tonne produced last year same period, which is almost 44.68 lakh tonne higher than last year. —FE BUREAU
